Engage with your peers in our [Proven Professional Community](#)

Achievement Overview

This Achievement introduces the Dell Storage Resource Management solution. Participants will be prepared to implement SRM, configure for production use as well as troubleshooting and maintenance tasks.

Achievement Requirements

To successfully complete this Achievement, a candidate must:

1. Pass the following Achievement Assessment on or after August 14, 2024.
 - [Dell Storage Resource Manager Achievement \[D-SRM-A-01\]](#)

Note: These details reflect Achievement requirements as of date **August 14, 2024**.

The Proven Professional Program periodically updates program requirements. Please check the [Proven Professional website](#) regularly for the latest information.

Dell Technologies Partners: Achieving a certification validates capability; however, it does not imply authorization to deliver services. Services Competencies provide partners with the ability to deliver services under their own brand or co-deliver with Dell Technologies. Tiered partners are eligible to obtain Services Competencies upon completing the specific requirements outlined in the [Services Competencies Matrix](#). Only partners that have met these requirements should be delivering their own services in lieu of Dell Technologies Services.
