DELLTechnologies

Using the Accepted Proven Professional Certifications Page on the Partner Academy

DELLTechnologies

Accepted Proven Professional Certifications Page (1 of 4)

The Dell Technologies Partner Program accepts the Proven Professional certifications listed on the **Accepted Proven Professional Certifications** page located on the Partner Academy. This page lists the accepted certifications on the following tabs: Technology Architect (TA)/Design; Cloud Architect (CA)/Design; and Systems Administrator (SA)/Operate. Individuals holding these certifications are counted as Certified Resource (CR) towards the respective Portfolio and Solutions Competency requirements.

For Portfolio and Solutions Competency Certified Resource (CR) Requirements

The Dell Technologies Partner Program accepts the Proven Professional Certifications listed on the following tabs: **Technology Architect (TA)/Design**; **Cloud Architect (CA)/Design**; and **Systems Administrator (SA)/Operate**. Individuals holding these certifications are counted Portfolio and Solutions Competency requirements.

(1) Navigating this Page

- Accepted certifications are listed in a table format on each tab.
- The table includes the following fields:
  - Category: Product name and/or certification level or category.
  - Certification Title: Title of certification (hyperlinked to the Exam Description)
  - Version: Current (N) and/or Previous (N-1) versions of the certifications accepted
  - Recommended Training: Title of Course/Package recommended to prepare for the certification exam (hyperlinked to Course/Package Details)

If you were looking for the Services Competencies Certified Resource (CR) requirements, click here to access .

(2) Tabs: Technology Architect (TA) / Design | Cloud Architect (CA) / Design | Systems Administrator (SA) / Op... | Exam Prep and Resources

Technology Architect (TA) / Design

Category	Certification Title — click on certification title to view exam description	Version	Recommended Training — click on package or course name to view
Data Protection Design / Specialist	Dell Data Protection Design 2023 OR Specialist – Technology Architect, Data Protection Version 2.0* (retired 2/28/2023)	Current (N)	Dell Data Protection Design 2023 [Partner
	Specialist - Technology Architect, Data Protection Version 1.0*	Previous (N-1)	No longer available*
Backup Recovery Solutions Expert	Expert - Technology Architect, Backup Recovery Solutions Version 6.0* (retired)	Current (N)	No longer available*
PowerScale Design / Specialist	Dell PowerScale Design 2023 OR Specialist - Technology Architect, PowerScale Solutions Version 5.0* (retired 2/28/2023)	Current (N)	Dell PowerScale Design 2023 [Partners] [

1 At the top of the **Accepted Proven Professional Certifications** page, you will find a **Navigating this Page** section. Please utilize this section and the following slides to help familiarize yourself with the page.

2 Use the tabs on the page to select the Proven Professional certification types including:
- **Technology Architect (TA) / Design**
- **Cloud Architect (CA) / Design**
- **Systems Administrator (SA) / Operate**

3 Once you select a tab, you will see the list of Proven Professional certifications accepted by the program. The fields in the table will be the same for each tab including:
- **Category:** category
- **Certification Title:** title of certification
- **Version:** version of certification accepted by the program
- **Recommended Training:** title of course/package recommended to prepare for the exam

4 Click on the hyperlinked title in the **Certification Title** column to view the **Exam Description** for the certification.

5 Refer to the **Version** column to determine the **N (Current)** and **Previous (N-1)** certifications accepted by the program. *See the next slide for a sample scenario.*

6 Click on the hyperlinked course/package title in the **Recommended Training** column to view the recommended training details.

If you utilize the **Recommended Training** listed for your selected certification, you will have access to the recommended training courses listed on the **Exam Description**.

DELLTechnologies

Accepted Proven Professional Certifications Page (2 of 4)

TECHNOLOGY ARCHITECT (TA) / DESIGN		For Sample Use Only	
CATEGORY	CERTIFICATION TITLE *click on certification title to view exam description*	VERSION	RECOMMENDED TRAINING *click on package or course name to view details*
Data Protection Design / Specialist	Dell Data Protection Design 2023 OR Specialist – Technology Architect, Data Protection Version 2.0* (retiring 2/28/2023)	Current (N)	Dell Data Protection Design 2023 [Partners] [On Demand]
	Specialist - Technology Architect, Data Protection Version 1.0*	Previous (N-1)	No longer available*

- In the sample shown above, the **Current (N)** version of the accepted certification is listed as **Dell Data Protection Design 2023**. The **Certification Title** is hyperlinked to the **Exam Description** and the **Recommended Training** is hyperlinked to the recommended package or course. A second certification, **Specialist - Technology Architect, Data Protection Version 2.0**, is also accepted by the program as the Current (N) version; however, its **Certification Title** is not hyperlinked as this version of the certification is no longer offered and the **Recommended Training** is no longer available.

- The **Previous (N-1)** certification, **Specialist - Technology Architect, Data Protection Version 1.0**, is also accepted by the program; however, its **Certification Title** is not hyperlinked as this version of the certification is no longer offered and the **Recommended Training** is no longer available.

- If you do not have one of the existing certifications accepted as N or N-1 and you want to earn a certification in this category, you need to prepare for the **Current (N)** certification with a hyperlinked **Certification Title.** In this sample, that certification is the **Dell Data Protection Design 2023**.

- Utilize the hyperlinked course/package name in the **Recommended Training** column to view details for the training recommended to prepare for the certification. In this sample, the Recommended Training is the **Dell Data Protection Design 2023 [Partners] [On Demand]** package. If you utilize the **Recommended Training** listed for your selected certification, you will have access to the recommended training courses listed on the **Exam Description**.

2 Preparing for a Dell Technologies Proven Professional Certification Exam

It is very important for individuals pursuing the accepted Proven Professional certifications to carefully review the Exam Description.

- Click on the hyperlinked Certification Title in the table to view the Exam Description.

The following resources may also be helpful:

- Review the Certification Exam Partner Preparation Guide for step-by-step guidance on preparing for the accepted certifications.
- Visit the Dell Technologies Proven Professional site for more details on the program, exam preparation and resources.

3 Recommended Training

Recommended Training is the course/package recommended to prepare for the corresponding certification exam.

- Click on the hyperlinked Recommended Training title in the table to view the Course/Package Details.

*For partners utilizing the competency-aligned Partner Plans available on the Dell Learning Hub, the recommended training Course/Package title listed in the Recommended Training column will be found u
available via the link provided.*

The following resources may also be helpful:

- Review the How to Locate Recommended Training Guide for details and instructions on locating the Recommended Training Courses/Packages via the Partner Academy or Dell Learning Hub.
- Review the Dell Learning Hub Guide for purchase, activation and access information for the Competency-Aligned Partner Plans available on the Dell Learning Hub.
- Visit the Purchase Options page for additional purchase option information.

4 CertTracker Reminder

To ensure that your Certification is flowing to Program Tracker and counts toward the Dell Technologies Program requirements, please make sure your demographics are set up properly in CertTracker:

- Log in to CertTracker at: https://www.certmetrics.com/dell/login.aspx
- Click on the **Demographics** menu option.
- In the **Relation to Dell Technologies** field, select **PARTNER**.
- In the **Work email/Dell Technologies Account ID** field, enter your **work e-mail address** associated to your profile in Program Tracker.
- If you have questions about what e-mail address to utilize, contact your Partner Administrator or utilize the Contact Us option within Program Tracker.
- If you make any changes in the Demographics page, you MUST scroll to the bottom of the page and click on **Update/Confirm** to save your changes!

1 The **Exam Prep and Resources** tab on the Accepted Proven Professional Certifications page provides information and resources including:

2 This section provides resources to prepare for a Dell Technologies Proven Professional certification exam including links to the Certification Exam Partner Preparation Guide (this guide) and the Dell Technologies Proven Professional site.

3 This section provides resources for accessing the Recommended Training including links to the How to Locate Recommended Training Guide, Dell Learning Hub Guide and the Purchase Options page.

4 This section provides a reminder to update your CertTracker Demographics and list of the steps to take to make those updates.

DELLTechnologies

Steps to Prepare for a Proven Professional Certification Exam

The following slides will lead you through each step:

REVIEW →
- Review the Accepted Proven Professional Certifications Page
- Select the certification you want to pursue
- Proceed to the three-step process

STEP 1: PREP
- Exam Description
- Practice Test
- Training
- Prep Session (if available)

STEP 2: PLAN
- Purchase Exam Vouchers
- Schedule Your Exam

STEP 3: PROMOTE
- Get your Badge
- Manage your Credential
  - Confirm/update your CertTracker Demographics
- Share on Social

Important Notice: You must be logged into the Partner Portal for all links and references contained within this deck to function properly.

DELLTechnologies

Review

- Review the **Accepted Proven Professional Certifications** page

- Select the certification you want to pursue from the **Technology Architect (TA)/Design; Cloud Architect (CA)/Design;** and/or **Systems Administrator (SA)/Operate** tabs on the **Accepted Proven Professional Certifications** page
  - Click on the hyperlinked **Certification Title** within the certification table to view the **Exam Description**

TECHNOLOGY ARCHITECT (TA) / DESIGN			
CATEGORY	CERTIFICATION TITLE *click on certification title to view exam description*	VERSION	RECOMMENDED TRAINING *click on package or course name to view details*

You can also locate the certification you have decided to pursue from the Accepted Proven Professional Certifications page by going to the **Certification > Certifications and Badges** menu option on the Partner Academy to access the **Certifications and Badges** page. Once on this page, select your desired certification from the list. Once you click on the certification name on the list, the Certification Overview page will display. On this page, you will find the link to the **Exam Description** under the Prep section.

Review the Exam Description - Certification Description

When pursuing a Dell Technologies Proven Professional certification, it is critical to carefully review the **Exam Description** to ensure you are familiar with the certification requirements and recommended training.

DELLTechnologies

1 Dell Data Protection Design 2023
Certification Description

2 Certification Overview
This certification benefits any professional who needs to demonstrate their ability to design and size Dell Data Protection solutions. This includes planning and architecting Data Protection solutions given business and environment requirements.

3 Certification Requirements
To successfully complete this certification, a candidate must:

1. Have sufficient knowledgebase/skill set through hands-on product experience and/or by consuming the recommended training.

2. Pass the Dell Data Protection Design 2023 Exam.

Note: These details reflect certification requirements as of February 6, 2023.

The Proven Professional Program periodically updates Certifications to reflect technical currency and relevance. Please check the Proven Professional website regularly for the latest information.

4 Proven Professional Website

Engage with your peers in our Proven Professional Community

Dell Technologies Partners: Achieving a certification validates capability; however, it does not imply authorization to deliver services. Services Competencies provide partners with the ability to deliver services under their own brand or co-deliver with Dell Technologies. Tiered partners are eligible to obtain Services Competencies upon completing the specific requirements outlined in the Services Competencies Matrix. Only partners that have met these requirements should be delivering their own services in lieu of Dell Technologies Services.

The first page of the **Exam Description** will include the Certification Description:

1 **Name of the Certification**

2 **Certification Overview**

3 **Certification Requirements**

4 **Link to the Proven Professional Website and Dell Learning Community**

Review the Exam Description - Exam Details (2 of 2)

1 **Exam Preparation**
Dell Technologies provides free practice tests to assess your knowledge in preparation for the exam. Practice tests allow you to become familiar with the topics and question types you will find on the proctored exam. Your results on a practice test offer one indication of how prepared you are for the proctored exam and can highlight topics on which you need to study and train further. A passing score on the practice test does not guarantee a passing score on the certification exam.

2 **Recommended Training**
The following curriculum is recommended for candidates preparing to take this exam.

Course Title	Course Number	Mode	Available as of
PowerProtect DD Concepts and Features	MR-1WP-DDFUND	On-Demand Course	02/15/2022
PowerProtect DP Series Appliance Concepts	MR-1WN-IDPAFUN	On-Demand Course	01/25/2021
Dell NetWorker Concepts	MR-1WP-NWFUN	On-Demand Course	08/24/2021
Dell Avamar Concepts	MR-1WN-AVAM	On-Demand Course	06/19/2020
Dell RecoverPoint Concepts	MR-1WP-RPFD	On-Demand Course	01/14/2021
PowerProtect Cloud Snapshot Manager Concepts	ES101DPS01714	On-Demand Course	07/01/2021

Prep Session		

If your desired certification has an available Prep Session, the Prep Session will be listed under the Prep category on the **Certification Overview** page.

To reach the Certification Overview page, go to the **Certification > Certifications and Badges** menu option on the Partner Academy to access the **Certifications and Badges** page. Once on this page, select your desired certification from the list. Once you click on the certification name on the list, the **Certification Overview** page will display. On this page, you will find the link to the **Prep Session** under the **Prep** section.

If there is not a Prep Session link under the Prep category, there is no Prep Session currently available for the certification.

DELLTechnologies

Step 2: Plan

- **Purchase Exam Vouchers**
  - Discounted Proven Professional Exam Vouchers are available to partners
    - Training Credits can be purchased to be used to redeem for exam vouchers
    - Existing Training Credits can be used to redeem for exam vouchers
    - Candidates can purchase exam vouchers directly from Pearson VUE
  - To search for the partner-only Exam Voucher from the Partner Academy "keyword" search, use one of the search values below:
    - **Dell Technologies Proven Professional VUE Exam Voucher [Partner Only Discount]**
    - **MR-7EV-VUEEMCPROV**
  - Or, use direct link: https://education.dellemc.com/content/emc/en-us/csw.html?id=716992916
  - Or, go the Certification > Resources page and select **Buy Vouchers** option
  - If you need assistance purchasing a voucher, go to the Support page, choose **View Vouchers Help** and **I Need More Help** to open a case with our support team

  > **Click here to for detailed instructions on purchasing an exam voucher!**

- **Schedule your Exam**
  - Visit the Pearson VUE website to find a test center, schedule your exam and view details about testing policies
    - Click here to view details about the online proctored exam option

DELLTechnologies

Step 3: Promote

- **Get your Badge**
  - Access your Digital Badges on Credly
  - Review the Proven Professional Digital Badges webpage for more information
    - Review the Badge Earner's Guide to learn how to accept and share your badge

- **Manage your Credential**
  - View and manage your credential in CertTracker
    - It can take up to 5 business days for exams to be reflected in CertTracker
    - Follow the instructions on the CertTracker website to access your account
    - Once logged in, click on "Credentials" to view your certifications
  - **IMPORTANT! See the next slide for important information on updating your Demographics settings in CertTracker**

- **Share on Social**
  - Go to our Community page to post credential and share expertise with others

DELLTechnologies

Updating your Demographics in CertTracker

- Log in to **CertTracker**
- Click on the **Demographics** menu option

- On the **Demographics** screen, in the **General** section at the top of the page, make sure:
  - **Relationship to Dell Technologies** is set to **"Partner"**
  - **Organization** name is correct (or select "other_partner" if not found)
  - **Work email/Dell Technologies Account ID** is set to your work or company e-mail address.
 - **You MUST scroll to the bottom of the page and click on Update/Confirm to save your changes!**

Certification Data Shared to Program Tracker

- Certification data is shared from CertTracker to Program Tracker only when you have affiliated your CertTracker account as a "Partner" as per the instructions provided in the previous slide.

- Only data for achieved certifications is provided to Program Tracker.

- Program Tracker utilizes the Work email/Dell Technologies Account ID e-mail address value from CertTracker to associate your certification data to Program Tracker data.

- It takes approximately 3-5 business days for your certification data to be visible in Program Tracker once a certification is achieved and/or you update your Demographics.

- If you have questions about Program Tracker, please consult the Partner Administrator at your company.

DELLTechnologies

Support

D∉LL Technologies

Support Options

- If you have questions about **Dell Technologies Proven Professional** certifications, exams, certification requirements or vouchers, please go to the **Certification** menu option in Partner Academy
  - From the **Certification** menu option, you can access the Overview, Certifications and Badges, Benefits, Community and Resources pages
  - If you need additional assistance, select the Support option from the Resources page

- If you have questions about **Partner Program** requirements or other Partner Program-related questions, please:
  - review the Accepted Proven Professional Certifications page
  - consult with your Partner Account Manager
  - engage the Partner Program via the Support menu option on the Partner Portal
